Note These books are available in e-book format for both the iPad and Kindle. # Quick Tools When you edit an image, you must first open a tool that will allow you to accomplish your modifications. For example, an image editor may allow you to modify the image by changing its brightness, contrast, and color curves. Alternatively, you might find yourself using a filter, a special tool that allows you to change the overall look of the image by applying special effects. This section examines the most common tools used in editing images and offers advice on the type of tool that you should use for particular tasks. One of the most important skills to master when working with Photoshop is how to use the various tools of the CS6 Photo Editor. The best way to practice is to start with a blank document and add tools as you need them, ultimately saving a copy of the image at the end. Some of the tools can be used as a shortcut, either because they make a task easier or because they offer multiple options. These tools will be covered first. ## Brightness/Contrast This tool can be found in the Layers palette under the Adjustments panel (Figure 3-2). When you click this tool, you see

Kiridati, a senior TNA wrestler who has been a judge at company events and on Impact Wrestling broadcasts, made the announcement this morning at a press conference (via The Wrestling Observer). The show is scheduled to be produced by ONE Championship and is set to air on Netflix. "I worked a long time for something like this," said Kiridati in his statement. "To step away from the wrestling world, to step away from the production side of the industry, was one of the hardest things I've ever had to do. When I was approached about doing this, I knew that if I left the company, I'd never have the opportunity to do something like this." It was not clear if he will appear in ALL IN 2. "I won't say too much right now, except I'm excited to be part of such a huge event," said Kiridati. "I'm excited to be part of a company that I've been a long time fan of. I'm excited to be in front of an audience of people who are as passionate about it as I am." Here's a snippet of the comments from ONE Championship CEO Chatri Sityodong, who is also doing commentary: "Hello everybody, I'm Chatri Sityodong and I'm the CEO of ONE Championship. Since my arrival in the company, I've always felt that the ONE Championship brand needs to speak with the youth of the world and I've always felt that TNA was something that you guys wanted. I feel that this is going to be the next big thing for ONE Championship because this will give the company a new platform and new platform will help to bring us to the next level." "This is something that I am very passionate about. I'm not going to take this away from TNA. I think TNA is a great organization. I've met (TNA president) Bully Ray and I have so much respect for the company. We just felt that what TNA is doing for the youth of the world is awesome. I felt that this was something that we wanted to do, we wanted to do with ONE Championship and that is one of the reasons why we approached Jeff." "We are

Q: Why don't my images display in my iframe? So I am developing an aspx page where I need to display an iframe with an image in it. Right now the main page has an iframe where I am trying to load another page. My issue is that the image doesn't display. My code is below: HTML on my main page: "> HTML on my HTML document (the page I am trying to get the image from): Anyone have any ideas on what is going on? A: From your topFrameContent target you need to give the iframe an ID on your document so that you can reference it in jQuery and when you append the content to the iframe. A quick example could be: "> And then: \$(#topFrameContent).load(function () { alert('Load was performed. '); }); Inhaled corticosteroid therapy in asthmatic children: a review. The most commonly used approach in treating the symptoms of asthma is daily inhalation of a bronchodilator and long-term or short-term high-dose of inhaled corticosteroid therapy. It was recently noted that the use of high-dose inhaled corticosteroids is a modifiable risk factor for patients with asthma and may be associated with increased morbidity and mortality in asthmatic children. In view of the increased morbidity, risk of potential adverse effects, and risks associated with the use of inhaled corticosteroids, the current review aimed to summarize the current data on the use of inhaled corticosteroids in asthmatic children. Moreover, a review was done on the efficacy, safety, and side
