Thank you! A: Its a short story of my problem. I had same problem as you. I found out that whenever I would use Internet Explorer I had Error Code: Failed to Connect. Please try again This error would say that my Windows is not updated. You can see the same message in your screen shots. Try to download Internet Explorer from Microsoft.com/en-in.exe, That one was definitely working for me. If you do not have Internet Explorer 11 or Internet Explorer 10 then download from microsoft.com/getie (Internet Explorer) Actress Salma Hayek and her boyfriend have officially changed their last name. Salma Hayek married artist Francisco Javier "Chef" Casas in a ceremony at a private villa on the west coast of Mexico on April 5. Hayek started using Casas as a last name officially on Tuesday, because Hayek's last name is Hayek, according to her office. Hayek's name change was announced in Spanish by the actress' representatives in the same statement that Casas is vice president of Hayek's production company, Carlos Rodriguez Productions. The marriage is Hayek's second, according to People. She filed for divorce from hotelier Alexandre de Rothschild in April 2014./* JPC: An x86 PC Hardware Emulator for a pure Java Virtual Machine Copyright (C) 2012-2013 Ian Preston This program is free software; you can redistribute it and/or modify it under the terms of the GNU General Public License version 2 as published by the Free Software Foundation.
